Community Engagement Committee

Committee Agenda
January 5th, 2023

_____

Speaker(s)
- Dr. Mike Rayo - Assistant Professor Integrated Systems Engineering OSU
  - Introducing a program initiative called Public Engagement for Reimagining Community Co-planning (PERCC pronounced "perk") with the use of AI and machine learning technologies. Desire to collaborate and co-design the program with NEAC.
- Tracie D. Campbell - Customer Service Rep Principal AEP Ohio
  - How AEP Ohio can be of service to the community. Taking questions from neighbors and community leaders.
- Jeremiah Evans - Supervisor Code Enforcement
  - The scope of what Code Enforcement handles and the best way to get in contact with them.

General
- "Resource Fair"
  - Issues brought up regarding Mt. Vernon Plaza management.
  - Possible resources and presentations for neighbors to take advantage of like Q&A from Legal Aide.
  - Meeting can possibly be counted as a district meeting with collaboration from commissioners.
  - Creating a postcard that can be easily handed out to community members with the following information:
    - A hook question i.e. "Did you know you have a direct link to city services?" Who is NEAC? What do we do? Location/Time of CEC meetings. Contact. Small map of boundaries. QR code to website and socials.
